Results

Thank you for your work, your assessment has been successfully submitted!

To receive your final score, you must meet the two following conditions:

Status	Condition	What now?
5 / 5 scores sent	You must score 5 of your classmates' assessments based on the scoring scales provided.	You have done your share of the work, check! :o) (/assessment/correction/547907?login=9267114&tk=f0ceb627f56e34d862a2899fe1f2ce73&sbd=2016-02-01&sbdtk=2466d6bae51e373d89ac8e3f74213199)
3 / 3 scores received	3 classmates must score your assessment so you can get your final score.	You got your scores, check! :o)

Your score: **10 / 11**

Have a look below at the scores that your classmates gave to your assessment:

Correction #1

Criteria	Points
General program functionality	2 / 2

User choice	1 / 1
Integrating the user's choice	1 / 1
Showing the contact list	2 / 2
Adding a new contact	0 / 1
Using objects	1 / 2
Naming and indentation	1 / 2
Total	**8 / 11**

Feedback

Programme doesn't display added names
HTML interface is awesome!

Correction #2

Criteria	Points
General program functionality	2 / 2
User choice	1 / 1
Integrating the user's choice	1 / 1
Showing the contact list	2 / 2
Adding a new contact	1 / 1
Using objects	2 / 2
Naming and indentation	2 / 2
Total	**11 / 11**

Feedback

That great work! I enjoyed your //comments to make the read easier. Adding the delete option it great and could help for some future project. Great play with HTML/JavaScript. Like it!

Correction #3

Criteria	Points
General program functionality	2 / 2
User choice	1 / 1
Integrating the user's choice	1 / 1
Showing the contact list	2 / 2

Adding a new contact	1 / 1
Using objects	2 / 2
Naming and indentation	2 / 2
Total	**11 / 11**

Feedback

Perfect ! I have even improved my code thanks to yours.

Why do some scores differ?
